This dress code is designed to be a religiously, philosophically, socially, financially and medically neutral, mandatory, universally applicable code. However, we recognize that in some unique circumstances, accommodations (exceptions) to the dress code may be reasonable and appropriate. Parents may request that their child be permitted to opt out of some or all of the dress code provisions. Parents may not however, request to opt out of those provisions which prohibit speech related to the promotion of illegal use of drugs, alcohol, tobacco, violent conduct, or that contains threats or expressions which are violent, discriminatory, lewd or obscene. The request to opt out of the school dress code must be provided through the principal to the superintendent in writing, and provide an appropriate rationale to support the request on forms that are available in the office.

Standardized Dress Code Policy

Laurel Bay Schools adopted a standardized dress code policy for students in the Spring of 2009. The School Board, administration, parents, and staff continue to be involved in discussion regarding this dress code.

Dress code policies help foster an environment of school pride and improve safety, good order and discipline while maintaining focus on academic achievement. The first step to ensuring quality education is to create a safe and disciplined learning environment. The development of our standardized dress policy is based on research and survey results from the community.

The objectives of the policy are to ensure the safety of students and to minimize the disruptions and distractions that can be caused by inappropriate attire, while ensuring that students are permitted their right to freedom of speech. As such, any speech, language, picture, logo, etc. that promotes illegal or violent conduct such as the lawful use of drugs, alcohol, tobacco or drug paraphernalia, or that contains threats or expressions which are violent, discriminatory, lewd, vulgar or obscene in nature, will not be tolerated at school. Schools have the authority to limit any speech that materially and substantially disrupts the work and discipline of the school.

The school will work with students, teachers, administration, parents and staff to ensure that a student's freedom of speech is balanced with the interest of safety, education and discipline held by the school. The guidelines set forth are to curb distractions and **keep the focus of all students on academics.** The policy includes all students in kindergarten through eighth grades. Faculty members have their own dress code as prescribed by their contract.

Laurel Bay Schools standardized dress code section should be available in the MCX during the summer. Items may also be purchased at any other store or through PTO where available.
