Technology Focus

# TeamBoard Training

- Ways to Use the TeamBoard (with and without a projector)
- Features of the TeamBoard
- Three calibrations
- Change modes
- Red T in system tray (single click for Menu & double click for Draw Toolbar)
- AutoLaunch
- Action Bar
- Draw Toolbar (clip art, file/save, copy/paste, move pg., Import/Export in Draw)
- PowerPoint
- Annotate
  
- Shared Session:
  - Interactive website demo
  - Links for interactive resources
  - Ideas for using an interactive whiteboard in the classroom
  - Make a quiz in Draw/Annotate
  - Next session: Share ideas on February 28 (1:45-2:45 p.m. and 2:30 to 3:30 p.m.)
  - Evaluation Form: questions – train Ed Techs as trainers -- sign for help

# Ways to Use the TeamBoard

- As an ordinary projection screen
- As an ordinary whiteboard
  - Use water-soluble, dry-erase markers. Clean with Windex.
- As an electronic whiteboard
  - Without a projector – can print or save drawings/work on screen
  - With a projector – can work in Draw/Annotate or other applications
- As an interactive touch screen
  - Act as a “living mouse” to advance a PowerPoint presentation, without using your keyboard except to type
- As an interactive touch screen to annotate and draw
  - Highlight, draw, write on, and erase during presentations using Annotate or Draw
- As a presentation recorder and manager
  - Save screenshots of any application and annotations
  - Can review and save the screenshots

# Three Different TeamBoard Calibrations

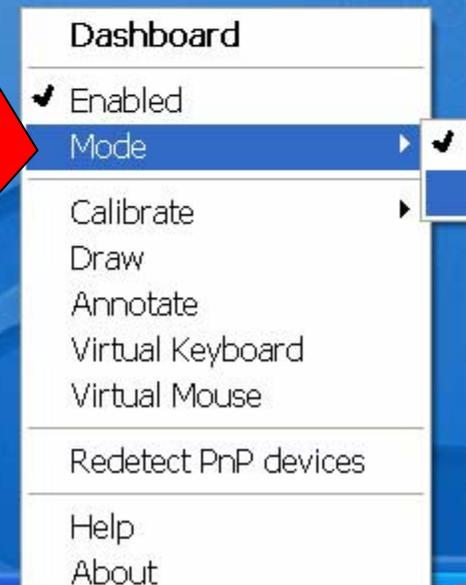

Refer to **Quick Start Card #3** or p. 17-21 in User's Guide

- **One time only (projector off)**
  - **Whiteboard Calibration**
  - **Action Bar Calibration**
  
- **Each time projector or TeamBoard is moved (projector on)**
  - **Interactive Calibration**

## Change Modes (whiteboard or interactive)

using either TeamBoard  
Dashboard  
or  
the System Tray Menu

# TeamBoard's Features

- TeamBoard System Tray Icon
- System Tray Menu
- TeamBoard Dashboard
- ActionBar
- Draw
- Annotate
- AutoLaunch
- Virtual Keyboard
- Virtual Mouse
  
- Recorder
  - Used to customize TeamBoard's ActionBar button functions with Macros for any Windows application
    - E.g., It is why the ActionBar buttons work differently in PowerPoint
    - Let me know if you need instructions

# AutoLaunch Draw in Whiteboard Mode

- Start drawing and writing on the TeamBoard
- Draw launches automatically and captures your notes and drawings.

# AutoLaunch Annotate in Interactive Mode

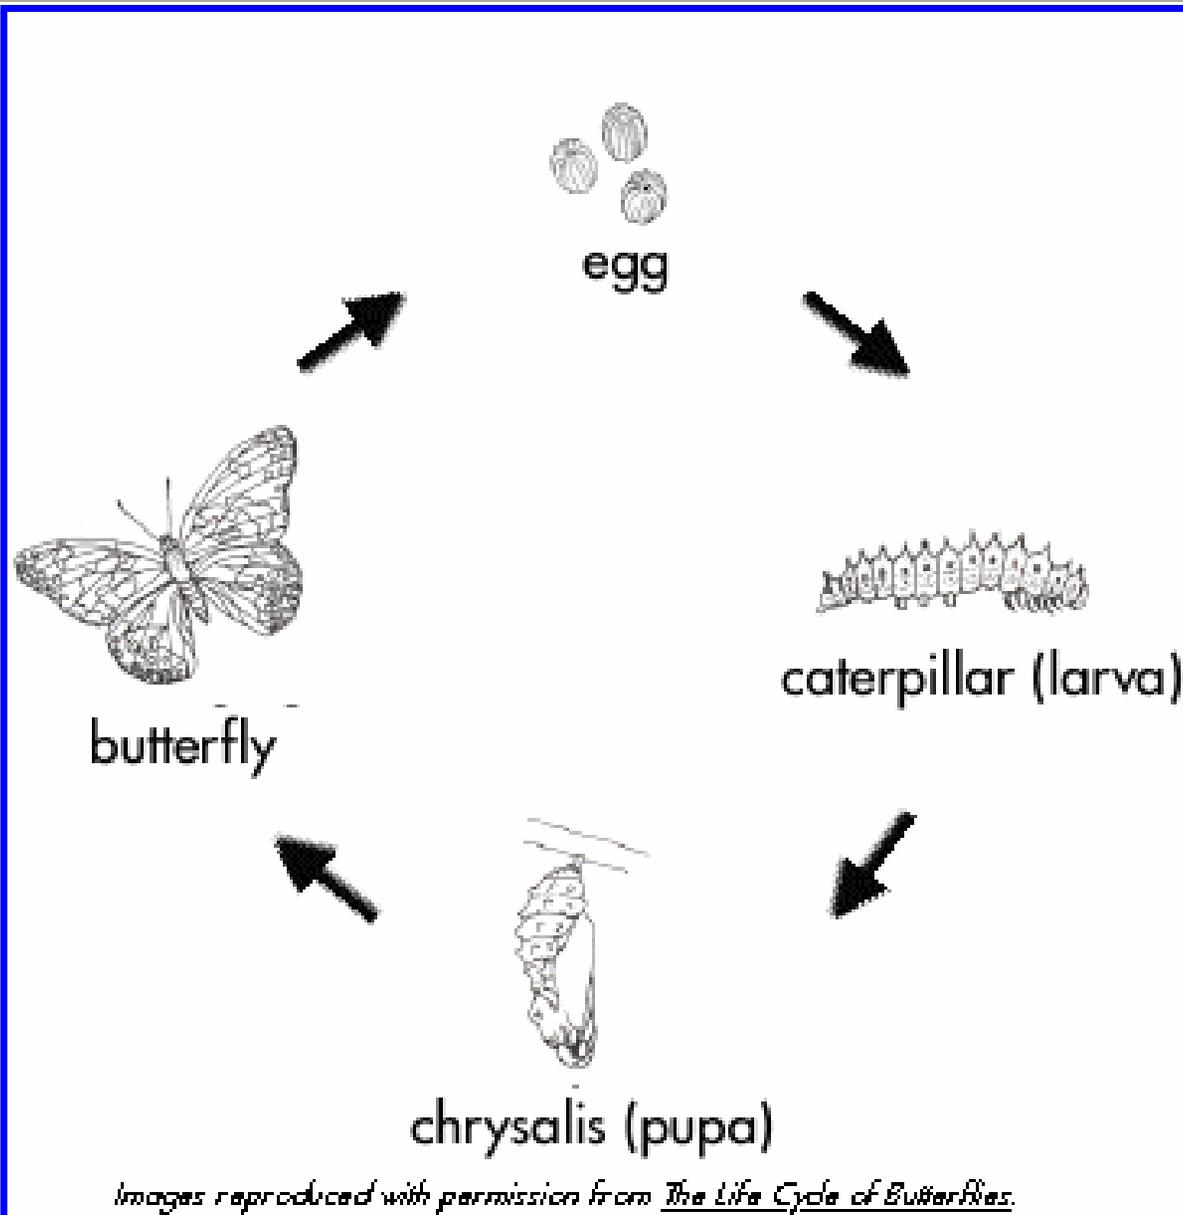

- Press a pen color button on the Action Bar.
- Annotate is AutoLaunched and the image of your screen is captured.
- Draw launches automatically and captures your notes and drawings.
