

## AES First Grade Work for Home

The following links (drop down) provide practice of academic skills and review content areas at different levels. If you do not have access to the internet we suggest your child read every day, write or draw about the book, and practice adding and subtracting using manipulatives for review and enrichment. Playing educational games and reading to your child are encouraged.

ote: This information will be posted on the school website and gagle in order to access the websites.
