

August 12, 2008

To the parents of -----

Dear Parents,

During the week of August 5, 2007, your child was evaluated on Math Operations with Whole Numbers, Decimal Numbers, Fractions, and Integers. Also, your child was evaluated on solving percent problems using the percent proportion and percent formula.

According to the results, your child (did (+), or did not (-)) pass the part related with the following skills:

- ----- Math Operations with Whole Numbers and Decimals and Fractions and Mixed Numbers – Part I
- ----- Math Operations with Integers – Part II
- ----- Solve Percents Problems using the Percent Proportion – Part III

If your child did not (-) master the skills evaluated in each part, he/she must come for a tutoring class on the scheduled date. The class will be in my room or in the cafeteria. It will be after school, 3:15 P.M. to 4:15P.M. You should make arrangements to pick up your child after school.

- ----- Wednesday, August 20, 2008 – Part I
- ----- Wednesday, August 27, 2008 – Part II
- ----- Wednesday, September 3, 2008 – Part III

Please, mark your calendar! I will mark the date(s) in your child's planner. To schedule a conference: Open the school web-site. Go to Team Web Pages. Click on Ranger. Look for Mr. Maldonado. Click on Conference Time. Follow the instructions given to schedule a conference.

One more time, thanks for your unconditional support. Feel free to visit us, your are always WELCOME!

Sincerely,

Mr. Angel A. Maldonado
