Dear Parents,

It is hard to believe that our first quarter of Pre-K is over. Time is just flying by! I enjoyed getting to visit with each of you during conferences.

We are off to a great start in Pre-K. The kids have learned the "school" routine very well. I am very proud of them. I know we will continue to have fun in learning!

Thank you for your continued support of our Pre-K program!

Language Arts

We have been busy in Pre-K learning several letters. So far we have learned the following letters: B, D, E, F, M, N, R, and P. Your child should be able to identify, write, and produce the sound for each of these letters. Our upcoming letters are on our monthly calendar.

Our two sight words for the past two weeks have been I and see.

Our Nursery rhyme this week was Little Miss Muffet.

Math

Math in Pre-K is so much fun! We have been working on the concepts of sorting and patterning. We have done several sorting activities, but I believe the favorite had to be sorting M&M's by color. Of course you know when each child was finished, they got to eat them! We also have several examples of our AB patterning activities in our Portfolios.

Science

For the past couple of weeks we have done several activities centered around bats and spiders. We learned that bats are nocturnal. I bet your child can tell you what that means! We also made a class spider web with yarn and a spider hat with 8 legs of course! We also made a class graph to see who is afraid of spiders.

Mark Your Calendars

* Our next family project will be sent home today and due back by Friday, November 7.
