

# Our Christmas Tree

All of the decorations on our classroom tree will be made by the children. They are really enjoying doing the crafts and then putting them on the tree. Our tree will be no lights and no frills but it will end up being a very pretty tree. After our party on the last day before the break, we will take the ornaments down and send the home for you to add to your tree.

We traced candy canes and put circle stickers on tree shapes.
