

Circle Time Fun

In September we had an apple on a stick, October was a pumpkin on a stick and this month we have a Santa on a stick. We sing a song while passing the stick to each friend for a turn. We learn to follow directions and take turns. It also helps us learn our classmates names and this month we have gained some new friends in our classes. We also learn to use manners as we say "thank-you" when we are given a turn.
