

Change Text Direction

Example: You want to flip the "title" of each column.

Create your chart and type the words in like below:

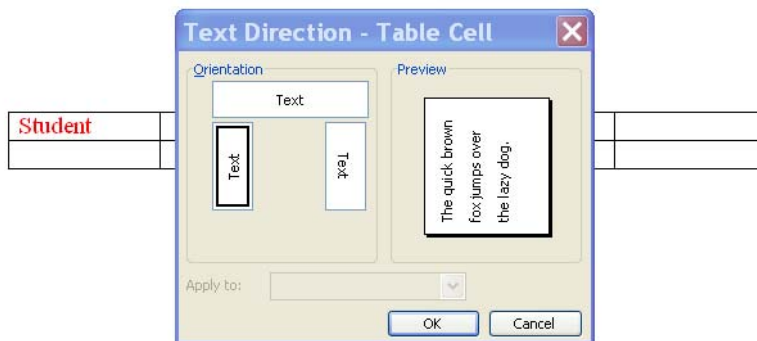

Student	SRI	DRA	STAR	Writing

After you have typed the words that you want to flip, HIGHLIGHT the word.

Student	SRI	DRA	STAR	Writing

After you highlight the word...RIGHT-CLICK on the word and choose "Text Direction"

At this point you will get a Text Orientation-Table Cell popup...choose your orientation. Click OK

Student	SRI	DRA	STAR	Writing

Note:

You can do all the words at one time by highlighting all and right-clicking...etc.
