District Testing Program

A variety of local and system-wide performance-based assessments and measures are administered in the Fort Bragg Schools to monitor student achievement and evaluate system-wide progress toward meeting the goals of the DoDEA Community Strategic Plan (CSP). The CSP contains the strategic direction for the Department of Defense Education Activity (DoDEA) for the years 2006-2011 and provides for a constant and consistent focus on attaining highest student achievement for all students. New assessments and measures are implemented in compliance with the CSP.
