This week we will continue to practice letter writing and use of the writing checklist. We will look at the keys on the computer keyboard to help everyone log onto the computers independently. Through our map studies, the class will briefly look at different places on each of the seven continents and how people celebrate or don't celebrate this season's holidays. The objective will be to have students respond using the 5 W's (who, what, when, where, why, and how)
