PRACTICE

## Act It Out

The illustration area contains three rows of figures within a large rounded rectangular border. The top row shows seven children standing in a line, alternating between facing forward and backward. The middle row shows six circular counters, each containing a different illustration: a solid red circle, a solid red circle, a yellow circle with a child standing, a solid red circle, a solid red circle, and a yellow circle with a child sitting. The bottom row shows seven children in various poses, alternating between standing and sitting.
