

## **IMPORTANT INFORMATION**

**With the construction occurring at the High School there will be some changes to the traffic patterns surrounding the High School and Scott Middle School. Details should be posted in the Turret prior to the opening of school. Please realize that these changes are to help ensure safety.**

**At this time it is planned that Missouri Street, in front of PAPAC (that leads back to Scott from Dixie Street) will be closed daily from 7:00-7:30 and 2:30-2:50 (1:20-1:45 on Wednesday). Parents who wish to drop off or pickup their Scott students should enter from Gold Vault, turn onto Mississippi St and may drop off/pick up their student in the parking lot between the High School and the baseball field. You must also exit out on Gold Vault. Buses will pick up and drop off both Scott and High School students in the parking area immediately to the south of Scott (side facing tennis courts).**

**Students who walk will still be able to use the sidewalk and walk toward Gold Vault. They may also cross Mississippi, walk through the High School courtyard area and exit out the student parking lot across from PAPAC.**

**We realize that we may need to work out details, and it may take some time. We do appreciate your assistance in this area.**

**Sincerely,**

**Linda Haberman**
