

## GradeSpeed Summary

GradeSpeed is the DoDEA adopted program for the teachers of grades 4 through 12 to submit grades into the School Information System. The program was piloted last year by the high school and middle school. This year teachers in grades 4 -12 will be posting grades with Gradespeed Parent Portal.

The Gradespeed program offers many special features for teacher reporting as well as for teacher/parent communication.

If you have any problems with the program, please let us know. We expect to have some issues to work out, but we hope this program will work to the advantage of parents, teachers and especially students.
