Happy New Year!

Welcome Back! We hope you enjoyed your break and your family! We will be warming up the new Year this week as we learn the monthly poem from Chicken Soup with Rice for Children. The children will taste chicken soup with rice and let us know if they liked it or not using a graph. We will also learn new classroom jobs to further develop-

ment in beginning sound recognition; rhyming; counting and organizing data onto graphs. We will explore the sensory table and see what we can find hidden in the rice. We plan to go outside weather permitting, our new weather helper will let us know if we need to wear coats and hats to keep warm. The new job chart is attached, so keep it somewhere you can reference it weekly.

New Baggie Books to come home Thursday

We will be sending home books from a school reading kit for you to read with your child starting Thursday. Your child will keep this book from Thursday to Tuesday.

Please read the insert as it will explain how the book can be used to develop early literacy skills. Since these books belong to a kit they cannot be replaced by dollar store books. Please keep this book in your

child's folder after reading it so it does not get misplaced. Accidents do happen, however the kit replacement cost is \$110.00 . Please keep it safe. Thank You!!
