

Academic Adventures

Summer is a time for fun and relaxation, but can also be a time for learning! DoDEA's 2008 Summer Enrichment Program offers students an opportunity to take on new academic challenges and practice what they have learned during the school year. All of the multidisciplinary lessons are designed to go beyond traditional classroom experiences, and to develop and reinforce student proficiency in mathematics and language arts.

The planned Summer Program is based on enrollment.
It is not intended to be a remedial program.

Attendance Policy:

In order for your student to meet with success and get the most benefit from this program, regular attendance is required. A limited number of spaces are available. Students who are registered but do not attend are depriving other students of the opportunity to participate. *Please consider your summer schedule carefully before committing to the DoDEA Program.*

Schedule:

Transportation:

Parents/Sponsors must arrange for transportation to and from Summer Program Sites.

Meals:

Will not be provided.

Registration forms:

Available at your school or download. Please register early, as spaces are limited. There will be no late registration for this program.

Registration Deadline:
