| 01 | Full size book bag | |

We have experienced problems with RoseArt brand pencils, crayons, paints, and glue. The lead in the pencils is off center and the pencils do not sharpen evenly. The pencil is wasted in the sharpener before the students can make use of it. The crayons and paints do not produce bright, vivid colors on paper. The glue sticks do not hold.

It is important that book bags do not have wheels because classrooms do not have storage room. Students' book bags are stored in cubbies with hooks and book bags with wheels do not fit inside the storage area.

Teachers may have specific requests that they may mention during the first week of school. For your shopping convenience, **DO NOT PURCHASE ANY ADDITIONAL SUPPLIES OF ANY KIND** until you have spoken with your child's teacher.
