Dear Parents:

This is a “**blanket permission form**” which covers three specific areas and is filled out at the time of registration.

- Throughout the coming school year, students will be taking one-day field trips to points of interest in the area. Please indicate on the reverse side permission for your child to attend all school sponsored field trips. Parents will be given **two weeks prior notice** of the trip which will include details of the destination, purpose, and any cost to the family. This form eliminates the need for approval of each individual event. *If you do not wish your child to participate in the trip, the teacher must be notified at least two days prior to the trip so the non-attending student can be provided an alternate educational experience for that day.*
- Within the Department of Defense Domestic Dependent Elementary and Secondary Schools there are many opportunities to celebrate the achievements and activities of our districts, schools, students, staff and community members. The Information Age has provided additional mediums to publish our accomplishments, showcase our educational programs and services, and strengthen two-way communication among our communities. While television and print publications have been traditional ways of getting information to our communities, we now have the added benefit of the Internet. With regard to the Internet, DDESS official web sites follow the goals, guidelines and policies for responsible and safe Internet publication practices set forth by the Deputy Secretary of Defense and the DoDEA Web Publishing Guide. In order for us to include a student, staff member or community member in print publications, television, multi-media or the Internet, permission is needed. By circling YES, you give permission for your child’s name, image, and/or student work products to be utilized in various media forms including: newsletters, DDESS web sites (images only), DDESS print and video productions, military community publications, military affiliated publications, military affiliated electronic media, public media (local, national newspapers, magazines, television), and future types of media.
- During the school year there may be unplanned early dismissals due to inclement weather or other emergencies. Please indicate on the reverse side if your telephone number may be released to a supervised school volunteer who will be charged with notifying parents.

Sincerely,

Michael A. Gould
District Superintendent
