

Navigating the Parent Screens in Gradespeed

If you have more than one student in our system, click on the drop down arrow to choose the student records you wish to view. If only one student then their name should be displayed.

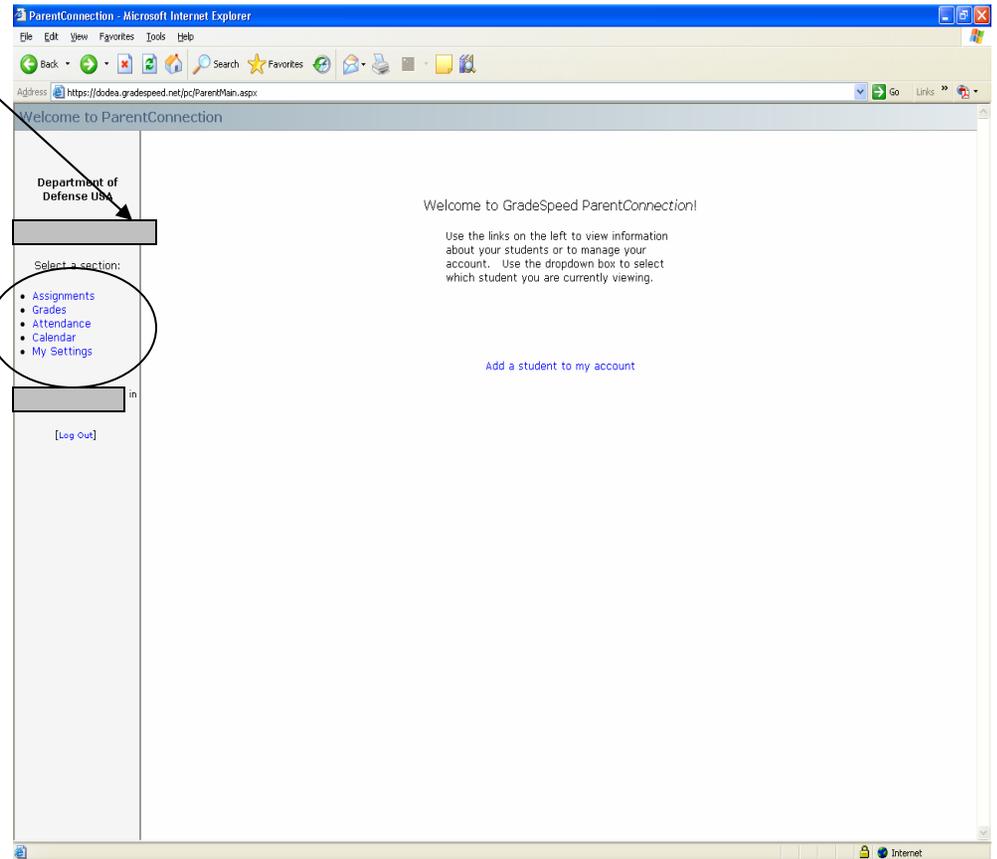

The **Assignments** link will take you to a screen that displays recent and upcoming assignments. Once on this screen, use the drop down at the top to choose what you want to see.

The **Grades** link will take you to a summary screen that shows current averages and marks from previous grading periods. See page 2 for more info on the Grades screen.

The **Attendance** link will take you to a summary screen of your child's attendance record since the beginning of the school year or enrollment date.

The **Calendar** link will show you "events" concerning your student. These are typically Attendance events such as absent or tardy.

The **My Settings** link allows you to make changes regarding your Gradespeed account, such as; password, address, phone number or email.

Navigating the Student Grades Screen

Click directly on the Teacher's name to generate an email to that teacher.

Click on Notes to read or write a note to/from that teacher

Click directly on the grade in the current Cycle to get an update of your child's progress and scores on assignments. (Cycle means the same as Quarter.)

The Semester column is updated as assignments and scores are entered by the teachers.
