

Dear Parents,

Here are some of the words and concepts that we are learning in kindergarten. They are common words that we are encountering in our work and in our guided reading books. Please review these words with your child. Making flashcards, bringing attention to them when they appear, in their stories, on buildings, newspapers, etc., is a good way to reinforce these words.

Color words:

red yellow brown green
black blue purple orange

Number Words

One two three four five
Six seven eight nine ten

Basic Words

the and I a an you it is they
like can in to he she of was his
on but had

Math

Counting by 5's
Counting by 10's
Counting by 2's

Telling time by the hour.
using an analog clock
using a digital clock

analog

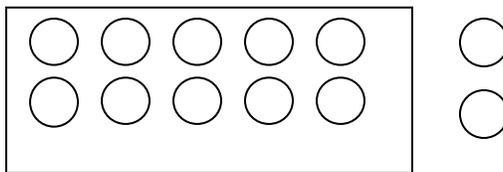

digital

7:00

We are working on recognizing a group of 5 or 10 and counting on from there.

Ex. 1

This shows a group of 10 and 2 ones. We want them to know that the box contains 10 without having to count all the circles in the box. Start with 10 and then count 11, 12.

Ex. 2

You have 5 fingers plus 2 fingers more. We want them to start at 5 and then count; 6, 7.

Science

We received our caterpillars and lady bugs and we will be talking about the life cycle of a butterfly and a lady bug.
