## School Improvement Plan Eagle Edition 1

Hello Parents and Guardians,

This is our first Kessler SIP newsletter. This newsletter's purpose is to inform you on the progress being made at KES and also to give you ideas that you can work on with your child at home to help your child improve in writing and math.

Every five years, our school goes through an accreditation process to make sure we are educating your child in the most appropriate way. This year is our accreditation year. In February, we will receive a visit from the accreditation board and they will look over our School Improvement Plan to ensure that the faculty and staff at KES are doing everything possible to make KES the best school for your child.

The faculty and staff at KES have set forth the following vision statement and list of core beliefs on which we are basing our school.

### **Kessler Elementary Vision Statement**

Kessler Elementary School is a place of collaboration that inspires a progressive learning community.

### **Kessler Elementary Core Beliefs**

#### **We Believe...**

- ✓ Academic perseverance is valued
- ✓ Technology supports active student learning
- ✓ Supportive parental involvement maximizes student learning to ensure that all students are successful.

This vision statement and list of core beliefs are important to our school community because they let everyone know how we are going to educate your children. This affects you and your child because you are a part of this process along with the school and the community. Together we can make Kessler Elementary School a SOARING place to learn!
